### **Remarks**

Claims 1 and 2 are pending in the present application. By this Amendment, Applicant has amended claim 1. Applicant respectfully submits that the present application is in condition for allowance based on the discussion which follows.

Claims 1 and 2 were rejected under 35 U.S.C. § 112, second paragraph, where claim 1 was rejected for failing to recite sufficient structural elements and an interconnection of the elements to positively position and define how an arcuate plate is in "intimate" contact. By this Amendment, Applicant has amended claim 1 to now recite that the arcuate plate is "adapted to be disposed in intimate contact with a bottom portion of the first arm of the wheelchair". Accordingly, as amended, Applicant has more clearly defined the invention as a folding table which has a defined structure in terms of recited elements so that the folding table can be mounted on a wheelchair. Thus, by this Amendment, Applicant has more clearly recited the invention as a folding table for use with a wheelchair and not the combination of a folding table and a wheelchair.

Based on the foregoing, Applicant respectfully requests that the rejection to claims 1 and 2 under 35 U.S.C. § 112, second paragraph, be withdrawn.

In view of the foregoing, and the indication of allowable subject matter of claims 1 and 2 if amended to overcome the 35 U.S.C. § 112, second paragraph, rejection, Applicant respectfully submits that claims 1 and 2 are in condition for allowance.
